

STEAMER RELEASED

BY THE URUGUAYAN COURTS

Canadian Vessel Seized for Poaching in South American Waters is Set Free.

Ottawa, Sept. 14.—A telegram to the Justice Department announces that the Halifax sailing steamer "Agnes G. Donohue" which was seized about one year ago on a charge of poaching in the territorial waters of Uruguay has been released by the courts. The Captain of the vessel was to be set free on Monday of this week.

HALIFAX FIRE

Halifax, Sept. 13.—A ninety thousand dollar fire destroyed the buildings occupied by Frank Reardon, publisher, and J. MacDonald, on Barrington street.

C. P. R. CAR SHOPS BURNED

Kingston, Ont., Sept. 13.—The Canadian Pacific Railway car works were totally destroyed by fire. Loss \$50,000. Two locomotives in the building were saved.

DISCUSSION DEFERRED

London, Sept. 13.—The Glasgow Chamber of Commerce has deferred discussion of the Quebec commercial traveller tax waiting to see whether the Colonial Secretary will move in the matter.

STEAMERS COLLIDE

Halifax, Sept. 13.—At 2 o'clock yesterday morning the Dominion Coal Co.'s colossal coal carrier Christian Knudson, collided with the steamer Thrift, which was in ballast off Cape North, N.B. The bow of each steamer was stove in and the forward hold of the Knudson was filled with water, some thousand tons of coal being washed out.

WEDDING.

PARDEE-MOWAT

A fashionable church wedding was celebrated at high noon today in the Presbyterian church when E. C. Pardee manager of the Bank of Montreal, of this city, was united in marriage to Miss Marjorie Mowat, eldest daughter of Mr. and Mrs. Arthur Mowat.

The church was very nicely decorated with ferns, palms and autumn leaves for the occasion. The ceremony was performed by Rev. D. G. McQueen. Miss Margaret Mowat, Miss Clara Oliver and Miss Gladys Baehler were bridesmaids while the groom was supported by Mr. P. H. Wilson, barrister of Winnipeg. Messrs K. A. Ashworth, Percy Hardist and O. M. Bigger acted as ushers.

The bride was given away by her father and was handsomely gowned in cream lace with skirt of chiffon tulle with full length veil of white tulle, fastened with a wreath of orange blossoms, making a charming picture and looking the part of a happy bride. She carried a shower bouquet of white roses and carnations.

The bridesmaids wore yellow muslin and oak tulle picture hats, and carried shower bouquets of golden glow with yellow satin ribbon. After the ceremony a tastefully arranged dejeuner was served under a marquee on the lawn of Mr. and Mrs. A. Mowat to about one hundred guests.

The groom's gift to the bride was a pearl necklace and to the bridesmaids, clover leaf pins set with pearls. The bride was the recipient of a very handsome collection of valuable presents which attest to the high esteem in which she is held by a large circle of friends.

The happy couple left on this afternoon's train for the east, and will visit Toronto and other places before returning to reside in this city.

Mr. Pardee opened the branch of the Bank of Montreal in this city a few years ago and is a very successful business man. His residence above the bank is one of the best designed and most handsomely fitted up in the city.

This marriage united two of the oldest Liberal families of Ontario, the bride being a grand-daughter of the late Sir Oliver Mowat, formerly Premier of Ontario, while Mr. E. C. Pardee is a son of the late Hon. T. B. Pardee, who was Commissioner of Crown Lands in Sir Oliver Mowat's cabinet.

POLITICAL

Calgary Herald: R. B. Bennett left last night to attend the Conservative convention at Lethbridge. He will be away campaigning for some time.

STUART RUNS IN GLEICHEN. Calgary, Sept. 14.—C. A. Stuart was selected as candidate for the approaching provincial elections by the Liberals of Gleichen last night on the first vote.

SASKATCHEWAN CABINET. Regina, Sept. 12.—The cabinet was announced today as follows:

Walter Scott, Premier and Minister of Public Works.
J. H. Lamont, Attorney-General.
Jas. A. Calder, Minister of Education.
W. R. Motherwell, Minister of Agriculture and Provincial Secretary.

They were sworn in at 11:30 to-day.

INNISFAIR LIBERAL CANDIDATE. Innisfail, Sept. 12.—The Liberals of Innisfail constituency met in convention here this afternoon to select a standard bearer in the coming election.

There was a large and representative gathering, the rural portions of the constituency being particularly well represented.

Mr. John A. Simpson, Innisfail's representative in the Territorial assembly for the past ten years was unanimously rendered the nomination.

He accepted, and in a very effective speech briefly contrasted the policies of Liberals and Conservatives in the present contest.

Although Innisfail is looked upon as a close constituency the Liberals are enthusiastic over the prospects of victory and with their splendid organization are looked upon as sure winners.

The Liberals of Ponoka will select a candidate for that riding on Friday.

The Conservatives of Innisfail will select a candidate on Friday.

The Conservative convention for Ponoka will be held on Monday next.

INDIAN FOUND DEAD

Wetaskiwin, Sept. 14.—An Indian named Enoch Bull was found dead in a stable in town this morning. There were no marks on the body or other indication of the cause of death. Deceased was in apparently good health yesterday. An inquest will probably be held on the body.

JOB PRINTERS GIVE NOTICE.

Winnipeg, Man., Sept. 13.—The job printers of Winnipeg have given their employers until this evening to grant an eight-hour day or they will walk out.

AGAIN TROUBLE IN THE BALKANS

Vienna, Sept. 14.—According to telegrams received from Belgrade a plot has been discovered at Sofia to foment an outbreak in the Balkans with a view of compelling the interference of the powers in the hope that Macedonian autonomy would be proclaimed. The plot included the intention to assassinate King Peter of Serbia and Prince Ferdinand of Bulgaria.

THE ZAMBESI BRIDGE.

Victoria Falls, Zambesi river, East Africa, Sept. 13.—The bridge over the Zambesi river was formally opened today in the presence of the visiting members of the British association. Prof. Darwin made the opening speech. He commented on the remarkable achievement which permitted a party travelling in electric-lighted saloon cars to visit a place which the explorers had spent many months of fruitless endeavor to reach.

At the conclusion of his speech Prof. Darwin touched an electric button which fused a wire stretched across the track of the bridge and an engine draped with union jacks passed over. The party then proceeded on an excursion to Livingstone Island.

RUSSO-JAP ARMISTICE

TERMS OF THE PROTOCOL

Provisions in Accord With Which Hostilities Shall Cease in the Far East.

London, Sept. 14.—The Japanese legation gave out today notice of the Russo-Japanese armistice. The terms of the protocol follow:

1. A certain distance as a zone of demarcation shall be fixed between the fronts of the armies in Manchuria as well as in the region of the Fuman river, Korea.

2. The naval forces of the belligerents shall not bombard territory belonging to the other.

3. Maritime captures will not be suspended by the armistice.

4. During the armistice new reinforcements shall not be despatched to the theatre of war. Those which are already on their way there shall not be despatched north of Mukden on the part of Japan or south of Harbin on the part of Russia.

5. Commanders of armies and fleets shall determine the conditions of the armistice in conformity with the provisions above enumerated.

6. The two governments shall order their commanders immediately after the signature of the treaty of peace to put the protocol into execution. The protocol was signed by M. Witte, Baron Rosen, Baron Komura and M. Takahira.

THE TOKIO RIOTS

Tokio, Sept. 14.—Advices from Yokohama say that a riot occurred there shortly after midnight. The mob was divided into two bodies numbering 5,500, mostly coolies, boatmen and outcasts. Eight police boxes were demolished and burned. The mob directed its attacks against the police.

Tokio, Sept. 13.—Some American press comments concerning the burning of churches as an insult to foreigners and an outbreak of anti-foreign sentiment, have been received here with profound regret and surprise.

An associated press representative has interviewed on the subject a diplomat and statesman under the old cabinet, whose name is withheld by request.

He said, "Japanese youths and the lower classes are peculiarly excitable. No case of rioting passed without collateral issues, which have no concern whatever with the primary object of the rising. The unfortunate affair against the churches and American visitors is only one of many similar instances."

"Rioters have no power of discrimination between foreigners of various nationalities. The American visitors were not attacked as citizens of the United States. They simply were made a target by an excited crazy mob. Nothing is further from the truth than to infer that Japan involves President Roosevelt in the unsatisfactory settlement of peace. She is as grateful as ever for his services."

SIR WILFRID ENTHUSIASTIC

Ottawa, Sept. 14.—Sir Wilfrid Laurier returned to the city early this morning. He is very enthusiastic over the great development of the West. He leaves for Quebec on Monday to attend a banquet of the Manufacturers association on the twentieth.

THURSDAY, SEPTEMBER 14, 1905.

THE SILENCE OF PREMIER ROBLIN.

Meanwhile whence the strange and solemn silence which has settled down upon the Hon. Rampant P. Roblin of the city of Winnipeg in the Province of Manitoba? An undue disinclination to talk has not been among the accusations which have been made against the Honorable Gentleman in the past. It is quite within the memory of living men when even far-off Edmonton was not too far afield for the Premier of Manitoba to wander on a charitable mission for the enlightenment of the intelligent electors on Federal issues. But a change has come over the spirit of the man and from the shell of his late-found reticence not so much as a whisper comes to disturb the political atmosphere. Is this unwanted quietude the mark of the coming of belated but timely modesty? Or has the Honorable Gentleman taken to the fields to help supply the demand for husbandmen to handle the bumper crop? Or perchance to the stock exchange for the same laudable purpose?

Whatever its cause the silence of Mr. Roblin occurs at a most inopportune time for his fellow-partisans in Alberta. These gentlemen are now bewailing heaven and earth and the electorate to have the "school question" thrown into the Provincial arena. Surely at such a time a word of testimony from Mr. Roblin would be most properly in place. Manitoba has had the "school question" turned loose in the Provincial arena and Mr. Roblin has experienced the consequences. Cannot he add a word of personal testimony to substantiate the arguments of his Alberta friends?

He has not done so and in the absence of explanation we must seek this from the circumstances. The silence of Mr. Roblin dates from the publication of a series of most rude and unkind articles in the Manitoba Free Press wherein it was set forth with abundant proof that Mr. Roblin in defiance of the Manitoba provincial school law and with or without the active connivance of his confederates and supporters had set up or permitted to be set up in the province of Manitoba a system of state-aided clerically controlled public schools. In one of these articles the Free Press said:

"As to what Mr. Willison says of the separate schools in Winnipeg, Mr. R. P. Roblin could afford a perfect flood of enlightenment—if Mr. R. P. Roblin choose. Also in regard to the schools in this province outside Winnipeg, Mr. Roblin could give the members of the Canadian club of Toronto some truthful information—if he could only be induced to be truthful, in speaking publicly of this subject—that would startle those of them who may be putting faith in Mr. Willison's picture of the Roblin Government as a raging lion in the matter of national schools. On the contrary, the Roblin Government is a most lam-like proposition in that regard."

"In Manitoba today we have a school system which, as it is actually being carried on, ought to arouse the fervent discord-promoters in Toronto to far greater wrath than the school system in the Territories. It ought to incite them to pour out bitter denunciations upon Premier Roblin, instead of pointing to him as they do, as a staunch, unyielding champion and defender of national schools now, though he voted in the Legislature in 1899 against the measure establishing national schools in Manitoba. It ought to make them call aloud upon Premier Roblin to set his own house in order first, before undertaking to say anything about the sort of schools the new Province should have."

"For the plain truth is that without the name of 'separate schools' Manitoba has today in full operation what is virtually to all intents and purposes, a separate school system. The Roblin Government has found it advisable and expedient, under cover of retaining the form of national schools to yield the substance. One of the public school inspectors of the province, Mr. Roger Goulet, appointed by the Roblin

Government, has as his special duty the inspection of what are known as French bi-lingual schools, but which as a matter of fact, are Roman Catholic public schools. This is true of all the schools in the province known as French bi-lingual schools—they are all practically Roman Catholic public schools. Mr. Goulet is a graduate of St. Boniface College, but had not received professional training when he was appointed inspector, which was in 1900. His reports are headed "Roger Goulet, South Eastern division"; but Inspector A. L. Young's reports are similarly headed, so that the two inspectors cover the same territory, one inspecting the Roman Catholic public schools, the other inspecting the Protestant public schools.

"Inspector Goulet in reality has no territory delimited for himself—no inspectorial district in which he inspects every public school regardless of language. He has a roving commission to inspect all French schools, and as all French schools are Roman Catholic, he is to all intents and purposes the inspector of Roman Catholic public schools."

"The first year Mr. Goulet was appointed his report showed that he went through portions of the province outside his own nominal territory to inspect. It is headed "Special Instruction," and states: "I received instructions to inspect the French-English schools in other inspectorates."

"And it concludes thus: "With regard to the French-English schools in the territory of other inspectors, I beg to remark that in the majority of cases the trustees are applying to the French inspector for settlement of disputes, employment of teachers, and all information connected with their schools."

"The mistake of giving this information was not repeated. In no subsequent year has any reference been made by him outside the South Eastern District, though it is a fact that such visits have been regularly made."

"Each year Inspector Goulet's report has a paragraph like the following from his report of 1901:

"RELIGIOUS INSTRUCTION—I am glad to report in all the schools of my division full advantage is taken of the time allotted for religious teaching and religious exercises."

"Mr. Goulet, like all the other

THE SILENCE OF PREMIER ROBLIN
Continued from page two

Inspectors, conducts Normal classes for Third Class teachers. His class is held in St. Boniface. The non-professional examination papers for teachers are prepared under the direction of the Advisory Board, and were the same for all candidates, the French papers being simply translations of those set before the English candidates. These papers are passed upon by a board of examiners; in practice the French papers are examined usually by Roman Catholic clergymen. The French candidates having successfully passed the non-professional examination, attend the St. Boniface normal school of which Inspector Goulet is principal, where they receive their professional training. He conducts the examinations for professional certificates, and these certificates are issued to the students by the Department upon his recommendation.

"Mr. Goulet laments every year the low educational standard of the French teachers, blaming the low salaries as the cause. He admits the exercise of much indulgence to enable the French candidates to pass their examinations and also indulgence in granting their professional certificates. This Normal school in St. Boniface—a building which is not a mile as the crow flies from the Norman School in Winnipeg—is in immediate proximity to the palace of the Archbishop Langevin, who frequently addresses the students. Last year twenty-seven French teachers attended the Normal session (of ten weeks); twenty passed. This Normal school of St. Boniface only takes students for Third Class certificates. There are no French Normal classes for Second and First Class teachers.

"Persons belonging to Catholic religious orders teach in Manitoba schools, wearing the garb of their orders. These schools receive a government grant. The sisters' salaries are from the government. The permits which are apparently renewed by the provincial authorities from year to year. They are well qualified, it is believed, but they have no provincial educational standing and merely teach by grace of the Educational Department, without having to pass any examination in Manitoba. The sisters of St. Mary all go through the French Normal school at St. Boniface. The Grey Nuns of St. Anne do not attend professional or non-professional examinations, and have no provincial educational standing, but teach, and their schools get government grants. The brothers who teach all go through the Normal school at St. Boniface, which as already stated, takes only students for Third Class certificates. It does no work higher than Third Class."

Premier Roblin should be able to provide some very interesting information as to how the national school system has fared in the hands of Manitoba politicians, but alas! he is wrapped in mystery and his testimony is not forthcoming.

LECTURES ON SEED GRAIN

Ottawa, Sept. 11.—Seed grain trains start from Strathcona Jan. 8, and ten days in Alberta, fifteen in Saskatchewan and about the same time in Manitoba.

Five lecturers accompany each train and will lecture on the most desirable kinds of seed grain.

SHOOTING CHICKENS OUT OF SEASON

White Horse Lake, Sept. 11. — A short time ago I noticed in the columns of your paper, an article wherein the writer complained of the Indians of White Horse Lake. Lake St. Anne, killing so many deer out of season. This is a justifiable complaint not only against those Indians but also nearly all other Indians for many miles around Edmonton. But we have good laws against such hunting and as citizens of Alberta we should see that these laws are enforced. Where are our game guards? As "Observer" says in a recent article in the Bulletin, "I take an example of some of these law-breakers" before all game is destroyed. I would like to add that the Indians are not alone nor without example of this illegal hunting. Only last week three of Edmonton's young men while passing through the Indian reserve here, stopped and shot a number of prairie chickens before the observant eyes of the Stomies. Let us not all see that Alberta's good game laws are strictly enforced before all good hunting and shooting is gone. Yours truly,

SETTLER.

REAL ESTATE

Free Gifts of Toilet Soaps

Use SUNLIGHT SOAP and SAVE THE COUPONS.

The Coupons are the same as cash because they can be exchanged for Toilet Soaps for which you have to pay out money every week.

Users of SUNLIGHT and CHEERFUL SOAPS can get their TOILET SOAPS for nothing.

Ask your grocer for particulars or write us for Premium List.

A gift is of little value if it consists of something you have no use for.

In exchange for Sunlight Soap Coupons you can get something you need and use every day.

LEVER BROTHERS LIMITED, TORONTO, CANADA.

STURGEON NOTES

Harvesting in the Sturgeon is nearly complete. Some have begun stacking. The crops are of high exception very good.

Mr. Potter, of Sunny Side, has about completed a fine new residence and good progress is being made on that of J. H. Long, of Naino.

Lightning recently shattered quite a number of fence posts along the road on Robert Kemp's farm.

Severe frost last night and a slight one of Sunday night has helped to ripen the potatoes and late ones. The frost came somewhat earlier in Astleyville, but did little harm, though the potato tops were touched.

Rev. Coady and Rev. Bushfield, of Horse Hills exchanged pulpits last Sunday.

WAGES CASE

A case of some interest came before Magistrate Wade at the Mounted Police Barracks Tuesday afternoon.

There has been some dissatisfaction caused employers of labor in the city by paying the fare of persons to the city on the understanding that the latter should remain in their employ for some time, with the result that the servant left in a month or so.

The case Tuesday was Webb vs. Crafter. Mrs. Webb was suing A. G. Crafter for \$500 wages. Crafter's defense was that he owed her nothing, having paid her fare from Winnipeg here with a general understanding that she was to remain some time and she left at the end of a month.

B. H. McKinnon was appeared for defense refused to submit any evidence in the case. Judgment was given for the plaintiff for \$175. The case will be appealed to the Supreme Court. J. E. Walbridge appeared for the plaintiff.

MISCELLANEOUS

VILLAGERS PROTEST

AGAINST MILITARY EXPROPRIATION.

Koreans Attack a Japanese Force and Are in Turn Attacked.

Victoria, B.C., Sept. 14.—Korean newspapers to hand tell of a serious riot at Seoul in protest against the expropriation of fifty square miles of riverside land embracing ten villages and 15,000 houses by the Japanese authorities, on the score of military necessity. The villagers went en masse to Seoul to protest and were attacked by Japanese gendarmes. A riot followed in which one gendarme was killed and many Koreans wounded. Subsequently a mixed force of Japanese soldiers and gendarmes went to the desired district and drove out the inhabitants. The dispossession of the villagers has caused considerable distress.

NEW HYMNAL

Quebec, Sept. 13.—The Anglican Synod has approved a new hymnal.

TROUBLE FOR KOMURA

Rome, Sept. 13.—The Tribune today publishes a rumor from Tien Tsin to the effect that the family of Baron Komura, the Japanese peace plenipotentiary, has been assassinated.

THE NORWEGIAN CRISIS

Stockholm, Sept. 13.—The delegates of Norway and Sweden appointed to discuss the dissolution of the union of the two countries, re-assembled at Karlstad, Sweden, today and it is rumored there that the Swedish conditions are unalterable. The outcome seems to depend on the Norwegian acceptance of these conditions.

Christiana, Norway, Sept. 13.—The newspapers continue to somewhat heatedly discuss Sweden's refusal to agree to an arbitration treaty. The Norwegian says Norway is prepared to dismantle her new fortifications in order to show her love for peace and desire for a settlement with Sweden, but not a gun, not a stone shall be moved until the arbitration treaty is signed.

CONSPIRACY PLANNED

TO ATTACK THE GERMANS

Natives of Shan Tung Prepare Plot to Drive Germans from the Town.

Tokio, Sept. 13.—Japanese newspapers publish news of a widespread conspiracy in Shan Tung to rise against the Germans on Sept. 16th. The impartial says each family is to provide one man whose equipment will be paid by public subscription. Several thousand men are said to be ready for the rising. The universal Gazette a vernacular paper calls upon the Japanese Government to stop the movement.

MORINVILLE NEWS

Morinville, Sept. 12.—At this moment the farmers are very busy harvesting, and had it not been for the scarcity of time they would have been all through now. However, many have finished, and the others hope to finish this week. Every one agrees that the crop is very good.

Yesterday Mr. Paul Olive had his tenth child baptized. Mr. Peter Gervais and his wife Mrs. Gervais were the child's Godfather and Godmother.

Last week the little daughter of Mr. Piquette was buried. The baby was three months old.

Mr. Dully from Rawdon, P.Q., has come to visit his daughter, Mrs. Piquette. He likes the country very much and before long intends to come and settle in the West with his family.

The Sister's school at Morinville opened Monday the eleventh. The first day, the number of the pupils was ninety and they expect many more. The convent is under the direction of the Daughters of Jesus, who arrived here in January, 1904. A considerable addition made to the first building renders the convent more comfortable and they can receive boarders. Board, including washing and tuition, per month, \$7. The bed is furnished by the convent. Music lessons are given for \$2 per month. English and French private lessons are given also at a very low price, also lessons in plain or ornamental needlework. The French and English are taught in separate classic course.

Last Monday Rev. Father Norman, who from Legat passed by Morinville in going to Villeneuve.

Last Sunday Rev. Father Ethier had the pleasure of receiving the visit of the Sisters of Mercy and of the architect of their new building. They spent an agreeable day in Morinville and returned home at 4 o'clock, p. m.

The men working on the railway between St. Albert and Morinville will reach Morinville this week and we hope to see the train here before spring.

TELEGRAPHIC

THE TROUBLE IN BAKU.

St. Petersburg, Sept. 13.—The latest private telegram to be received from Baku reports that the situation there is growing worse. Other unconfirmed despatches assert that the rioters are stubbornly continuing their attacks, and that the Tartars and Kurds are plundering in the Blacktown district. The despatches say that on Sunday the soldiers charged into a crowd of Russian workmen, killing seventeen.

Tiflis, Sept. 13.—Prince Taisanoff, a landed proprietor, was assassinated today at Gori, 50 miles from Tiflis. The following incident showing the desperate spirit displayed by the Tartars is reported from Baku: A band of Tartars barricaded themselves in the house of a rich Musselman and fired from the windows on a patrol officer, who summoned them to surrender. The Tartars replied to the summons with another volley and continued firing while artillery was brought up. The artillery laid the house in ruins. The Tartars perished to a man.

St. Petersburg, Sept. 13.—A despatch to the Caucasus Oil Company from Baku says that the fires in the oil fields are practically exhausted and that the military authorities are stationing guards in the district.

During the night, the despatch adds, incendiaries tried to land at Baku from small boats, but were driven off by volleys from the Cossacks. They then attacked steamers in which the police and two companies had taken refuge during the uprising, but the attack was repulsed. The incendiaries succeeded in setting fire to three machine engines in the town district, killing the proprietor of one. In the Blacktown district the patrol fired a volley into a crowd of Russian workmen from which a shot was supposed to have been fired, but the despatch to the Caucasus Oil Company expressly states that no one was killed. Throughout the Blacktown district the patrols are working energetically in suppressing the disorder.

St. Petersburg, Sept. 13.—Despatches from Baku received today indicate that increased quiet and better conditions are prevailing there. No further fires have occurred. Troops which have arrived there are now holding the oil fields under control. The news from other parts of the Caucasus however is very disquieting. Disturbances are spreading all over the region more or less seriously.

St. Petersburg, Sept. 13.—Oil men representing an annual production of 500,000,000 pounds met today and determined to ask the state for assistance in obtaining a twenty year loan without interest to cover the losses resulting from the catastrophe at Baku, without which they declared that 108 out of the 133 companies would be unable to continue business.

The oil men in Nijni Novgorod and Astrakhan express the fear that attempts will be made to burn the stocks of oil there and they ask for the taking of protective measures.

Ross Bros Limited

The Gillette Razor

To men who are accustomed to shave themselves, we would recommend the little over-ready Gillette Razor. While this is one of what is generally called

Safety Razors

It is entirely different from the ordinary Safety, for with the Gillette you have no honing or stropping to do, as the Razor is always ready for use. The blade that is in the Razor when you buy it, is good for not less than ten shaves, and to a man who has an ordinary delicate, or fine beard it will shave thirty times without stropping; then you simply remove that blade and put in a new one, or in other words, throw the old blade away, not trying to renew its edge, but put in a new blade, thus you start again with a new Razor. Twelve blades go with each Razor, and these twelve blades are good for not less than 120 shaves without stropping. The Razor is always ready. Then when the blades become dull, and you throw them away, you buy a new set of blades for \$1.00, which means again not less than 120 shaves. No matter if you are on the road or in a jolting conveyance of any kind, the Razor is always ready for use. You cannot cut yourself if you try.

We are the only people in this northern country who have these Razors, and as we have seen them work and know their capabilities we can recommend them without the slightest hesitation.

Ross Bros. Ltd.

Direct Importers.

THE EDMONTON CELEBRATION.

(Minneapolis Tribune)

Edmonton, Alta., Sept. 14.—Based on the events of the past twenty-four hours, the agricultural editors are having a rather hard time to determine whether they are part and parcel of a regal tour, out on a campaign round-up, or just ordinary tourists. Earl Grey, governor-general, Gov. Bulyea and Sir Wilfrid Laurier, premier, were given ovation after ovation at all the stations en route from Calgary to Edmonton, and the editors found themselves heaped with honors along the route.

Today has proved a red letter one in the history of the tour. To be accurate one should really go back to the events of last evening. Arriving in Edmonton the editors were met with carriages and given a delightful drive about the city.

At the conclusion of the drive they were escorted to the rink where a concert in honor of the dignitaries present occupied the balance of the evening. Today the inaugural ceremony with its attendant athletic games, band concerts, parades and inaugural ball have filled in the hours with intensely interesting events which no member of the party will probably be privileged to witness again.

Edmonton, the city, has proved but another surprise. Here the editors found a city nearly four hundred miles north of the international boundary, thriving, industrious and with golden prospects.

It has a population close to 9,000, beautiful residence and business blocks, and growing with amazing rapidity.

Its streets were brilliantly illuminated with electric lights last night, with elaborate arches at nearly every corner. Business houses and residences alike were decorated in honor of the occasion.

For the benefit of those in the States not familiar with the ceremony which has been enacted here today, it might be contrasted with the admission of a territory to statehood. Alberta and Saskatchewan have heretofore comprised the North West Territories. Today Alberta was transformed into a province, and Sept. 14th Saskatchewan will observe the same ceremony, the affair taking place at Regina.

Something should be said at this time of the immense areas included within the confines of these two provinces.

Each is nearly six times as large as the state of New York, with its population of 7,250,000, or each will be five times as great in point of area as the state of Illinois, with its population of 5,000,000, as many as Canada boasts of altogether.

To compare them with the countries of Europe, it might be said that each of them is twice as large as England, Scotland, Wales and Ireland, with their immense population of 42,000,000, and each of them is considerably greater than the empire of Germany or the republic of France.

The location of Edmonton, which hopes to be made the permanent capital of Alberta, as against Red Deer and Calgary, is charmingly situated, having natural advantages to attract the one who loves scenic beauty and pleasant surroundings.

Crowning the high bank of a swift flowing river, the north branch of the mighty Saskatchewan, the valley stretching up and down a winding vista of glistening water and green wooded slopes, it is singularly attractive to the traveller who has crossed the treeless plains of less favored parts of the North West. With an abundant supply of pure water from mountain glaciers, cheap fuel, tree embowered lawns, in draws to those who would live among pleasant surroundings and with modern comforts.

As to the climatic conditions here just a paragraph seems apropos at this point. There is no extremely cold weather during the winter months, no blustery winds or chilling spring. A few weeks of from 20 to 30 below zero is the worst the citizens have ever encountered and is the exception.

There is very little snow and communication with the north and Hudson's Bay trading posts is continued throughout the twelve months of the year without difficulty.

The warm Chinook winds blow over the section, tempering any chilling blasts that might tend to personal discomfort or injure vegetation. It is a fact not generally known in the states that the wheat, which won the first prize and gold medal at the Chicago world's fair was grown 560 miles north of this city in the valley of the Peace River.

Wheat has since been raised in this same valley which averaged fifty-five

bushels to the acre and oats averaging 125 bushels. There are people farther south who still assert that wheat and other cereals cannot be raised with success even as far north as Edmonton.

If those skeptics could have seen the fields of wheat and oats shown the editorial party in the vicinity of this city their tongues would cease wagging in that strain. The ground is rich to the extreme and capable of producing abundantly whatever the agriculturist or gardener may desire.

Returning to the inaugural. The day has been a holiday throughout this region. Shops were closed and business at a standstill. The ceremony occurred at the driving park, just in the edge of the city. Five hundred North West Mounted Police all in dress uniforms, were inspected by his excellency, Earl Grey.

As a military body of men these police probably have no superiors in the world and certainly few equals. As horsemen they stand pre-eminent and as shots they can, to a man, draw a bead on and hit a target with certain precision and accuracy. Their exhibition was hugely enjoyed by the Americans present, to whom such a gathering was an occasion in a lifetime, and even unusual in the life of the genuine Canadian.

A base ball game followed in which the playing was equal in skill to any seen in the states outside the regular leagues. Lacrosse and polo matches concluded the program until after supper, when the inaugural ball at the big rink ended the affair. The rink was beautifully decorated with flags and bunting, while a feature never seen further south than this city, was several hundred bear skins fastened to the walls at proper intervals, each worth from \$75 to \$200.

The parade was another feature of the day, in which fully 5,000 people participated, including military and civic bodies.

The editors will reach Banff in the Rocky Mountains, Saturday evening, remaining all day Sunday. Exploring trips to the top of nearby peaks will occupy considerable of the time of those members of the party who think they will enjoy mountain climbing.

LOCAL

—Picks—Fair and cool.

—Calgary Herald: Miss Foster left for Edmonton this morning to be present at the wedding of her friend, Miss Morvatt.

—The remains of the late Miss Eva Woods, who died at the public hospital yesterday, were taken to Ponoka this morning for burial.

—Jas McKernan has taken his travelling outfit to Clover Bar today and from now on the noise of the machine will be heard in the land.

—The foundation for the bell tower of the new hall has been laid. The tower is to be built of cement, a round structure eight feet in diameter and 75 feet high.

Principal Riddle of the Alberta College, leaves tomorrow to spend Friday, Saturday and Sunday at Gordon, Okotoks and High River in the interests of the college.

—In the last ten days over thirty applications have been made at the city hall to have houses wired for electric light. At this rate the electric plant will soon pay handsome profits.

—A new plank sidewalk is being built on the south side of Clara street between Howard and First street. One is also being built along the south side of Bellamy street from Namaso avenue east.

—Mrs. Laura Kerr, of Morrisburg, Ont., the new lady superintendent of Alberta College, and Miss Lucille McManus, of the same place, recently appointed teacher of elocution in Alberta College, will arrive in the city tonight to assume their respective duties.

—Calgary Herald: The Hon. W. H. Cushing, Minister of Public Works, was waited on yesterday by a delegation from the board of trade regarding provincial assistance towards the Bow River embankment. Mr. Cushing stated that nothing could be done towards appropriating money for such a scheme until after the house had met. He was in favor of the legislation granting help, however.

—Mr. David Carnegie claims to have one of the best samples of vegetable growth in the city. A grain of hemp dropped from the parrot's cage by the wall of the house and from it has grown what can only be described as a tree. It is eleven feet seven inches high and is branched out in all directions. The hemp is in full bloom and is a very attractive as well as remarkable sample of vegetation.

—Mr. W. F. Newson, B.A., graduate of McGill in Arts and Science, will arrive in the city on September 20 to take charge of the science department in Alberta College. Mr. F. H. Dobson, B.A., recently principal of the Strathcona school, has been appointed teacher of English and French in the Alberta College. Mr. Dobson is a bright young man and quite an athlete, who will be welcomed as a citizen of Edmonton. Greater attention will be given to athletic sports in connection with Alberta college in the future.

PERSONAL

Dr. Clendenning left for Red Deer by this morning's train.

Mr. W. M. Haight went down to Westlock this morning.

D. S. Mackenzie, Deputy Minister of Education came in from Regina last night.

Miss Gertie Fisher of Pembroke, Ont., & the guest of Mrs. Arthur Morvatt, Eighth street.

Mr. C. B. Wilson of Winnipeg is in the city to attend the marriage of Mr. Pardee and Miss Morvatt.

Miss Nellie McManus left for Calgary this morning to resume her studies in the convent there.

Mr. J. K. McDonald, managing director of the Confederation Life Association of Toronto is in the city.

Hon. W. H. Cushing, Hon. W. T. Finlay and Hon. Dr. DeVeber left for Calgary this morning.

FIRST ALBERTA APPLE CROP

T. Daly of Clover Bar is in town today. He harvested his apple crop this morning. The yield though not large in bulk was quite good considering the number and age of the trees and the flavor and appearance of the fruit cannot be beaten. In 1904 Mr. Daly set out four Long field trees on his farm at Clover Bar. Last year one apple was grown and this year the trees had about twenty-five promising pippins. The bearing trees being a novelty in this part of the world Mr. Daly's visitors were many and their desire to secure samples resulted in only eight apples being left on the trees. These came to maturity and constituted what may be considered Alberta's first apple crop.

The trees on which these were grown are planted in an exposed position and absolutely no means have been taken to preserve either the trees during the winter or the fruit during the summer from frost. Mr. Daly is naturally gratified at the results and has under order several more trees that will be added to this promising Alberta orchard.

FOSTER'S FORECAST.

Washington, Sept. 11.—Last Bulletin gave forecasts of disturbance to cross continent 11 to 15; warm wave 10 to 14, cold wave 13 to 17. Next disturbance will reach Pacific coast about 15, cross west of Rockies by close of 16, great central valleys 17 to 19, eastern states 20. Warm wave will cross west of Rockies about 15, great central valleys 17, eastern states 19. Cool wave will cross west of Rockies about 18, great central valleys 20, eastern states 22.

This disturbance will belong to the warmest week of September. From 19 to 20 will also bring the most severe weather events of the month. They will be intense during the five days 16 to 20, while the disturbance is crossing the continent, most severe on Pacific slope about 16 and on Atlantic coast about 19.

About 11 weather features generally will largely increase in intensity and will be radical until after 20. As the cool wave of this disturbance comes in rainfall will largely increase over previous week and a great fall in temperature will begin which is expected to reach its lowest degree not far from 28, bringing frosts to northern latitude, parts of the corn belt and northern sections of cotton belts, about 28.

Remarkable weather events occurred August 21 and 22. Electrical storms, hail, wind and flood suddenly broke on the whole North American continent. There was no progression from west to east, but a sudden shock, like a thunderbolt, the great earthquake in the Mississippi valley being one of the features. I had given complete warning of these events to occur not far from 22. The cause is too apparent to be overlooked by scientists who are not willfully blind. Such proofs favorable to planetary meteorology should no longer be questioned.

Variations in the earth's magnetic forces cause all weather changes and the latter are caused by varying relative position to sun, moon and major planets. In all the weather records of the past appears disturbances similar to those that occurred August 21 and 22 when similar planetary events will always cause similar weather events.

THE YELLOW JACK.

New Orleans, Sept. 13.—Yellow fever at 6 p.m. yesterday: New cases, 38; total to date, 7,327; deaths, none; total to date, 316; new disease centers, 18; cases under treatment, 300; discharged, 1,711.

EARL GREY AT LETHBRIDGE. Lethbridge, Sept. 13.—The Governor-general and party arrived in town yesterday. The council presented an address read by Mayor Newburn. His Excellency made a felicitous reply complimenting the council and expressing regret at the passing of the pioneer conditions, which had always given him greatest pleasure.
